

# HabibiCoin (HBB) Whitepaper

## Introduction

HabibiCoin (HBB) is a community-driven meme token built on Binance Smart Chain (BEP-20). Our mission is to spread love ♥️ and positive vibes across the crypto world while offering fun utilities, rewards, and a strong community experience.

## Vision & Mission

We believe crypto should be fun! HabibiCoin aims to build a global community that unites meme culture with blockchain utility. Our mission is to grow HBB into a symbol of positivity, humor, and collective success.

## Tokenomics

Allocation	Percentage
Liquidity Pool	60%
Marketing Wallet	20%
Team Wallet	10%
Reserve / Burn	10%

## Roadmap

Phase 1: Launch token, build community, deploy logo and info.json. Phase 2: Listing on PancakeSwap, first meme contests, grow Telegram & Twitter. Phase 3: Launch NFTs, token burns, bigger marketing campaigns. Phase 4: Major exchange listings, staking/farming utilities, HBB IRL events.
